

## MYSTERIOUS SHOOTING CASE

ATLANTA, Ga., March 6.—A man found with bullet in side.

Accused His Wife of Crime and Later Relented and Said He Did Not Know Who Did Shooting—Wife Arrested, But Is Out on Bail.

Atlanta, Ga., March 6.—"God knows I am innocent," exclaimed Mrs. Daisy Ulrich-Opie Grace this afternoon after her release on bail pending a hearing on the charge of assault with intent to murder her husband, Eugene H. Grace, prominent building contractor, who was mysteriously shot at their home yesterday.

Tonight physicians stated that Grace has but slight chances for recovery. The bullet penetrated the left side, going through the lung and lodging near the spinal cord. Pneumonia already has set in, they say.

When Mrs. Grace visited her husband in the hospital, he accused her of shooting him. Then when she threatened to withdraw a power of attorney she had given him, Grace relented and said he did not know who did the shooting.

Mrs. Grace says that when she left the house yesterday to go to Newman, Ga., where her mother resides, her husband was about ready to arise. He was to meet her at the depot, she says, but did not do so and she went on to Newman. It was after she reached her mother's home that she was informed her husband had been shot, she says.

Grace told the police when they first reached him that he first discovered he was shot at 6 o'clock in the morning, when he awoke with a burning sensation in his side. He asked his wife to telephone for a doctor and when she returned she said she was unable to reach one.

Grace says he became unconscious and when he next awoke he worked his way to the telephone and called the police.

J. C. Ruffin, a servant, told the police that while he was making a fire in Grace's home early in the morning, Grace called several times and Mrs. Grace said, "You are not sick, Gene, you are sleeping."

Ruffin says Mrs. Grace told him as she was leaving the house that her husband was sick and that he wanted a doctor, but had changed his mind, and if the doctor came he was to be killed.

Mrs. Grace denies giving any such instructions.

A thirty-two calibre pistol was found on a window sill in the hall on the floor below Grace's room. It had one empty chamber. The key to the door of the room, which the police found locked was in a receptacle in the hall, where Mrs. Grace said it usually was kept.

The police arrived about two hours after Mrs. Grace says she left. Chief of Detectives Lanford said this afternoon that the blood on Grace's pillow was dried and dried and he did not think it could have dried that way in less than three hours.

As furnishing a possible motive, the police are said to have discovered to day that Grace recently had his life insured for \$25,000, naming his wife as the beneficiary. On the other hand friends of the accused woman point out that Mrs. Grace was very wealthy and that her former marriage and such a sum would be no incentive.

**OBJECTS TO LIQUOR CAMPAIGN**  
Washington, March 6.—Representative Kent of California, Republican, protested to the house judiciary committee against what he termed a campaign of fraud and misrepresentation by liquor interests seeking to defeat the passage of a bill prohibiting the shipment of liquor from wet into dry states. Representative Kent said members of congress were being flooded with telegrams from California wine growers who contend that such a law would ruin the wine industry and he declared that contention was untrue. Many appeared to day to favor the proposed law.

**BOENER'S CASE.**  
Chicago, March 6.—The case of William J. Boener, formerly a Typographical union organizer, on the charge of murdering Rush V. Benson, a non-union printer, probably will go to the jury tomorrow. Opening statements in the case were made today. Former Judge McEwin ridiculed the theory raised by the defense that jealousy was at the bottom of the killing. "Rotten labor conditions were the cause," he declared.

**VICTIMS OF GAS.**  
Chicago, March 6.—John Pennechet and John Dienski were found asphyxiated in a rooming house today. It is believed gas escaped accidentally from a jet which was open when the bodies were discovered.

**INFANT DROWNED.**  
Pontiac, Ill., March 6.—The three months old infant of Mr. and Mrs. John Ehrig of this city was found drowned, head down, in a bucket of water in their home here today. It is believed that a 2-year-old sister of the baby attempted to carry it and let it fall into the bucket.

**FAVOR CAP AND GOWN.**  
Ottawa, Ia., March 6.—The senior class of the Ottumwa high school today voted in favor of graduation this year in cap and gown in order to avoid the expense of costly graduation clothes.

## ROOSEVELT IN FIGHTING MOOD

HE ACCUSED BY SECRETARY STIMSON'S SPEECH.

Says Leaders of Campaign Against Him Acting as if They Are Trying to Wreck Republican Party—Visited by Geo. W. Perkins.

Oyster Bay, N. Y., March 6.—Geo. W. Perkins, former partner of J. P. Morgan, paid a mysterious visit to Col. Roosevelt here today. Mr. Perkins' supposed activity in behalf of the colonel and his connection with the International Harvester company have furnished campaign material for the colonel's opponents since he declared himself as willing to accept the presidential nomination. All that Colonel Roosevelt would say of the visit was that Mr. Perkins came as the bearer of a message from Senator Dixon, the colonel's campaign manager. Later in the evening, he said, he might receive another message from Senator Dixon, but he declared in advance that if the message came, he would have nothing to say about it.

On March 2, telegrams from the west appeared in the newspapers alleging that La Follette supporters in North Dakota were turning from Roosevelt and supporting Taft, because of the connection of Perkins and Medill McCormick of Chicago with the International Harvester company. Mr. McCormick has been one of the leaders in the Roosevelt movement and managed the Roosevelt bureau at Washington before Senator Dixon took charge. Mr. Perkins is chairman of the finance committee of the International Harvester company and is regarded as one of the most important factors in the affairs of that corporation. He is also a director of the United States steel corporation.

When Mr. Roosevelt was shown the Washington despatches he merely laughed, as though he thought the matter not worthy of comment.

Col. Roosevelt was in a fighting mood today, and struck out fiercely at his opponents. He did not attempt to conceal the fact that he was angry. Secretary Stimson's speech in Chicago last night expressing his belief that President Taft and not Col. Roosevelt should be the nominee of the Republican party, aroused his ire.

It was evident from Col. Roosevelt's manner that he believed Secretary Stimson should have adopted a different attitude, in view of the close relations in the past between the two men. In a statement written in the court house at Mineola while he was waiting to be called for jury service, the colonel said the leaders of the campaign against him were acting in such a way that if they were deliberately "trying to wreck the Republican party they would follow precisely the same tactics that they have been following."

**GEN. ANDRAD KILLED**  
Quito, Ecuador, March 6.—Gen. Julio Andrad, one of the noted men of Ecuador, military commander at Guayaquil and former minister to Colombia, was killed here last night in what is believed to have been an attempt to gain control of the Republic.

A large party of conservatives headed by General Andrad attacked the police barracks, but in a fierce engagement, the conservatives were repulsed and Andrad was killed.

General Leonidas Plaza has been offered the provisional presidency, but refused to accept.

It is understood that the plan of the conservatives to seize the government has been carefully arranged and that they were acting in conjunction with Gen. Friele. A strict censorship has been established.

**MADERO MAY RESIGN.**  
Another report, said to originate with members of congress, went forth today. The report of Madero's resignation and also that of Plino Suarez would not surprise members of congress when that body meets on April 2, or soon thereafter after, according to the report. In fact they are said to be expected in which case, according to the best information obtainable, General Trevino would be the choice of congress.

**OPPOSE NEW SCHEDULE.**  
Galesburg, Ill., March 6.—The Knox county members of the American Woodmen of America at a convention to day authorized their attorney to begin injunction proceedings against the new schedule increasing the rates recently adopted by the head camp in Chicago.

**MURDER AND SUICIDE.**  
Philadelphia, March 6.—Mrs. Jennie Colard, the wife of a glove manufacturer was shot and killed in her home here to day by John L. Lechle, 50 years old, who she rejected eight years ago to marry Colard. Lechle killed himself.

**SOUTH POLE RUMOR.**  
London, March 6.—An unconfirmed rumor was published today that Captain Robert F. Scott, head of the British antarctic expedition has reached the south pole. Mrs. Scott said today she had heard nothing from the captain.

## GOVERNMENT CLOSES ITS CASE

TRIAL OF PACKERS IS NEARING AN END.

Three Months Consumed in Trial Thus Far—Longest Criminal Trial in the History of the Federal Courts.

Chicago, March 6.—After thirteen weeks and one day occupied in the selection of a jury and the examination of witnesses, the government to day closed its case in the trial of the ten Chicago meat packers charged with conspiracy in maintaining a combination in restraint of trade. It was 2:55 p. m. when the government's side of what is said to be the longest criminal trial in the history of the federal courts was brought to a close.

Judge Carpenter immediately adjourned court for the day and it was announced that at the opening to morrow including a written motion signed by each of the ten defendants asking the court to take the case from the jury and discharge the packers will be presented to the court.

In their written motion the defendants will, it is said, set up that the government has failed to prove its charges under the indictment. It is expected that the arguments of counsel for the defendants will occupy nearly a week.

District Attorney James H. Wilkerson and Special Counsel James M. Shean and Pierce Butler will argue against the motion on behalf of the government.

The closing hours of the government side of case was taken up with the reading of statistical data on the packing industry in the United States and stipulated statements of the corporate history of the companies controlled by the defendants.

The trial was begun Dec. 6 and the jury was sworn in Dec. 12. The first witness for the government was called Dec. 26.

Forty-nine witnesses were examined by the government and 1,041 documents of various kinds were introduced in evidence.

The salient points which the government sought to bring out in the presentation of its case were:

That the National Packing company, which is owned by the Armour, Swift and Morris interests, was the instrument used in the alleged fixing of prices and determining the volume of shipments.

That the defendants in the years 1907, 1908, 1909 and 1910, the period covered by the indictment, regularly attended the directors meetings of the National packing company held in Chicago every Tuesday afternoon where it is alleged information was exchanged and margins and shipments agreed upon.

That representatives of Armour & Co., Swift & Co., Morris & Co., and the National Packing company in New York, Boston and other eastern cities exchanged margins and telegraphed them to their superiors in Chicago each week.

The system of figuring the test cost of dressed beef was practically uniform and was used for the purpose of comparing business results.

That allowances for hides in figuring the test cost were discontinued in November, 1907, and resumed in April, 1910.

That the allowances for fat and other by-products in figuring the test cost were practically uniform throughout the period covered by the indictment.

**WILL DECIDE NEXT WEEK.**  
Judge Will Sentence Confessed Murderer.  
Chicago, March 6.—The fate of Fred Bonham, who at the beginning of the trial of his three companions for the murder of Mrs. Hattie Kaufman pleaded guilty to his part of the crime, will be decided by Judge Kersten early next week. It is thought he will get the same punishment as a jury meted out to two of his companions, William J. Channell and John Stacey, yesterday, namely, twenty-five years' imprisonment.

The court may inflict the death penalty according to law. George Rabenau, the fourth member of the quartet, who fired the fatal shot and was condemned to life imprisonment by the jury and Stacey spent to day in the company of their wives and relatives in the county jail. Both are overjoyed that the death penalty was not inflicted.

**REFUGEES FROM CHIHUAHUA.**  
Many Arrive at Juarez and Cross Over to American Side.  
El Paso, March 6.—Tonight 120 refugees from Chihuahua arrived at Juarez and swarmed to the American side. The Americans had not been informed at Chihuahua of President Taft's fears, but were uneasy though not greatly alarmed.

Much of the plentiful supply of money with which the present insurrection is equipped has come and still is coming from wealthy Mexican business men, land owners and politicians, according to tonight's arrivals.

It is declared that \$500,000 is being raised to carry the campaign to the City of Mexico. Yesterday in the Chihuahua Foreign club it is said, Don Luis Terrazas, Jr., openly counted out \$5,000 which he gave to Orozco, promising at the same time that \$6,000 more would be given to the rebels today.

## WEDNESDAY IN CONGRESS.

**Senate.**  
In session at 1:30 p. m.  
Resumed final debate on British and French arbitration treaties which may be voted upon before adjournment.

Game preservation societies advocated federal protection of migratory game birds before forest reservations committee.

Finance committee concluded its hearings on steel tariff revision bill.

Recessed at 5:59 p. m. until noon Thursday.

**House.**  
Met at noon.

With Mrs. Taft again present, the Lawrence strike hearing was continued before rules committee with city officials testifying.

Governor Gilchrist of Florida at everglades hearing told committee he desired Representative Clark's position in controversy brought out.

Boston and San Francisco chamber of commerce delegations urged governmental recognition and \$50,000 appropriation for international congress of chambers of commerce in Boston next September.

Representative Kent protested against "fraud and misrepresentation" of liquor interests at hearing on bill prohibiting liquor shipment from wet into dry states.

Interstate commerce commission practically completed its bill providing legal machinery for Panama canal and will vote upon its report Thursday.

Secretary Nagel urged enactment of seal protection bill before foreign relations committee.

Adjourned at 5:35 p. m. until noon tomorrow.

**SENATE BEGINS VOTING TODAY**  
Senate Reached Agreement to Dispose of Pending Arbitration Treaties.

Washington, March 6.—The senate will begin voting on the arbitration treaties with Great Britain and France at 1:30 tomorrow afternoon under an agreement reached today. The first vote will be on the foreign relations committee's amendment to strike out of the treaties clause three of article three on which the opposition has been centered on the ground that it delegates the treaty-making power to the proposed joint high commission of inquiry and that the commission's acts would be binding on the senate.

This is the critical point for the treaties but their supporters expressed confidence tonight that they would pass it safely. While originally the amendment had the endorsement of the committee that has given way to endorsement of the Lodge resolution of ratification which is designed to preserve to the senate powers to finally act on any agreement submitted.

Senator Bacon of Georgia and Senator William Alden Smith of Michigan occupied the entire session today with speeches in opposition to the third article. Senator Smith of Michigan said that the pending treaties meant treaty violation and annoyance; that they were a drag on modern achievement and the most reckless abandonment of the senate's power ever proposed. He said the waterway convention, the fisheries rights and the diversion of water from Lake Michigan through the Chicago Drainage canal would be left open under these treaties to the discretion of the future treaty-making powers of a foreign tribunal.

He apprehended his understanding and possible war instead of peace under the treaties if amended and said he should have no self-respect if he yielded to the "maudlin sentiment that would fetter the president with manacles and by conferring the treaty-making powers on a foreign tribunal." He regarded the proposition which the president submitted to the senate as "the height of impertinence."

**MADE NO COMMENT.**  
Stimson Refused to Discuss Roosevelt Statement.

Chicago, March 6.—Just before leaving for the east to day Secretary of War Henry L. Stimson read Col. Roosevelt's statement in regard to Mr. Stimson's assertion in a speech here last night that Roosevelt had been "forced into the arena," and declined to make any comment on it.

"I do not wish to say anything about it," Mr. Stimson said, and that ended the interview.

Mr. Stimson had spent two days here. He inspected Port Sheridan and the Chicago harbor and fired the opening gun of the Taft campaign here in his speech before the Taft club last night.

**ROOSEVELT-JOHNSON.**  
Los Angeles, Calif., March 6.—Petitions were circulated here today to secure the nomination of Roosevelt-Johnson delegations of the presidential primary ballot.

It was announced that Governor Johnson would open the primary campaign here next Saturday night.

## LAWRENCE MILL STRIKE INQUIRY

VARIOUS WITNESSES APPEAR BEFORE COMMITTEE.

City Marshal of Lawrence Says State Soldiers Had Nothing to Do With Stopping Departure of Children—Mrs. Taft a Spectator.

Washington, March 6.—Dudley M. Holman, secretary to Governor Foss of Massachusetts, testifying before the house rules committee, to day, regarding the Lawrence mill strike, had explained the failure of the authorities to settle the strike, when he was confronted with a question he objects to answer.

"Did you say in Lawrence that William Wood was the one man to blame?" asked acting Chairman Hardwick.

The question had been submitted to him by Representative Victor Berger, who is pleading the strikers' cause. Mr. Wood is president of the American Woolen company.

"I would prefer not to answer that question," Mr. Holman replied, "but I will if you insist."

The committee, after conferring, decided to withdraw the question.

That the state authorities or soldiers had anything to do with stopping the departure of children from Lawrence, Mr. Holman emphatically denied. Captain J. J. Sullivan, acting city marshal of Lawrence, told a detailed story of the police operations. As to the arrest of children who were about to leave Lawrence, Mr. Sullivan said he was acting according to what he believed to be his duty under the law. He defended the action of the police throughout the strike, declaring that the people were noisy and had to be restrained.

Mrs. Taft, wife of the president, spent most of the day at the hearing, remaining throughout the morning session and returning for two hours in the afternoon. She exhibited interest, but to members of the committee made no comment.

During the examination of Captain Sullivan, who identified a sample of the cloth used by Lawrence police, Representative Wilson of Illinois caused Mrs. Taft to laugh when he asked the witness:

"It is not popular, but the only thing effective in Lawrence just now," said the captain, ignoring the representatives allusion.

**QUIET AT PEKING.**  
American Minister Cables for More American Troops.

Peking, March 6.—Comparative quiet has been restored at Peking. The action of American Minister Carrahan in calling to Manila for further troops for Tien Tsin, it is stated, was due to the fear of a concerted attempt against foreigners, similar to the Boxer rising, but, owing to conditions, it was unwise to take any chances in view of the fact that Chinese troops cannot be depended upon and disorders are sweeping the north, with little prospect of prompt control.

American legation to day sent a message to the missions at Pao Ting Fu, arguing that the women and children should be sent to a place of safety, as Pao Ting Fu is beyond the reach of protection.

**PERKINS KEEPS STILL.**  
New York, March 6.—When Geo. W. Perkins reached his home in New York tonight he refused even to admit that he had visited Col. Roosevelt at Oyster Bay today.

"I will not answer that or any other question bearing on politics," said the financier when asked if he had just returned from the former president's home.

"Does that mean that you did not see Col. Roosevelt today?" "I will not answer that question," he said.

When it was suggested to Mr. Perkins that an explanation of the purpose of his visit would obviate speculation that might be wide of the mark he said:

"I have had numerous requests for political interviews from newspapers but when I have anything to say I will make a formal statement."

**WATER SUPPLY ASSOCIATION.**  
Champaign, Ill., March 6.—The Illinois Water Supply association elected officers to day as follows:

President—R. R. Parker of Elgin. Vice presidents—C. H. Cobb, Kankakee; H. M. Ely, Danville; W. J. Spaulding, Springfield. Secretary—treasurer—Dr. Edward Barlow, director of the state water survey, University of Illinois.

**DATES FOR STATE SHOOT.**  
Peoria, March 6.—May 15, 16, 17 were set as dates of the annual shoot of the Illinois Sportsman's association to be held here this year.

Twelve hundred dollars for cash prizes has been subscribed, making the total value prizes the greatest of any state shoot ever held in the United States. The traps will be set at Lake View Park, where the Peoria Gun club will erect a pavilion this season.

## PLAN CHANGES IN CABINET

EFFORT MADE TO PLACATE VARIOUS FACTIONS.

Brains of Mexican Revolution, Dr. Gomez Stated for Old Position of Public Instruction—Madero May Resign.

Mexico City, March 6.—Cabinet changes intended to placate the various warring elements are to be made in the near future, if a report heard to day, from an apparently well authenticated source proves true. The substitutions will affect six of the eight port folios and are calculated to antagonize the Vasquezistas, Liberals, the army element and the federalists. Perhaps the most startling feature of the alleged plan is the proposed returning of Dr. Francisco Vasquez Gomez, the "brains of the revolution" to the post of public instruction, which he formerly held.

Francisco de la Bara is slated for the ministry of foreign relations which he occupied during the last Diaz administration; Gen. Gerónimo Trevino, for the war office; Fernando Iglesias Calderon, candidate for vice president on the Liberal party ticket against Plino Suarez, for the department of interior and Alfredo Roldan Dominguez, Madero's treasurer during the revolution for the department of communications.

Jens Flores Magón, recently appointed to the ministry of the interior, will be transferred to the department of justice. The other ministers, Ernesto Madero, finance, and Hernandez Ponce y Leon, continue their respective departments.

**KNOX MADE A HIT**  
Tells Nicaraguans United States Does Not Want an Inch of Territory South of Rio Grande.

Managua, Nicaragua, March 6.—The American Secretary of State "Knox made the biggest hit of his visit today when he responded to the welcome extended to him by the assembly.

"My government," he said, "does not covet an inch of territory south of the Rio Grande. The full measure and extent of our policy is to assist in the maintenance of republican institutions in this hemisphere. We have a well known policy regarding causes that might threaten the existence of an American Republic from beyond the sea and will always be found willing to lend proper assistance to preserve the stability of sister American Republics."

The president of the assembly had said that there was some apprehension in Central America regarding the motives of the United States towards those republics under the Monroe doctrine.

The assembly adopted a resolution extending greetings to the United States congress. Similar cordial speeches were exchanged at a session of the supreme court, which Secretary Knox attended. The president, Adolfo Dias, gave a dinner and ball tonight.

One hundred persons connected with anti-American campaign have been arrested and sent to jail during the last two days.

**CIVIC FEDERATION.**  
President Taft Principal Speaker at Banquet.

Washington, March 6.—President Taft was the principal speaker at the banquet of the Civic Federation to night. Preceding the president, Chief Clerk and Dr. Benjamin Ide Wheeler, president of the University of California, discussed civic progress.

"I am glad," said President Taft, "that the Civic Federation exists. As you look across the ocean into the threatening situation in which English society finds itself, one understands the value of an organization like this should such a condition arise here."

"Everything that tends to ameliorate the relations between the employer and the employee is within the object of your association and I don't know of anything better than the arrangements known as the employers' compensation act to attain that end. I hope it will be within the power of congress to enact. I believe both parties will unite in passing it, even if nothing else is done to justify the existence of the present congress."

**HEARD OF MESSAGE.**  
Later to night Mr. Perkins said: "Yes, I did go down to Oyster Bay to day to carry a message to Col. Roosevelt from Senator Dixon. The senator called to see me earlier in the day and I simply acted for him in the matter. I was shown to Oyster Bay, left the envelope and came back. I did not have any conference with Col. Roosevelt. I was only there a few minutes. No, I will not discuss the message. It is not for me to add anything to what Col. Roosevelt may have said about it."

Mr. Perkins was asked whether he had a conference with Senator Dixon at his home late to night. "That's all I will say," he replied.

**ENGLISH MINE STRIKE.**  
London, March 6.—A high official of the miners' federation said to night that a settlement of the coal strike this week was impossible, but he was hopeful that it might be effected next week. Four hundred Oxford undergraduates have organized themselves into a volunteer body to work in the mines or to assist by any available means in the crisis.

## MINORITY REPORT ON SUGAR BILL

RE-NAMED BY REPUBLICAN MEMBERS OF COMMITTEE.

Termed "An Act to Surrender Revenue, Destroy Competition and Create a Monopoly—Various Charges Made."

Washington, March 6.—Proposing to re-name the Democratic free sugar bill, "an act to surrender revenue, destroy competition and create monopoly," the Republicans of the house today submitted a minority report on the Underwood bill which will be the test of the tariff bills to be considered by the house. The report was submitted by Representative Fordney of Michigan. It charges that there is a union between the sugar trust and the Democratic party and that the free sugar measure is designed to catch the votes of the consumer, and will, in time, deliver the consumer to the mercy of the sugar trust.

The report reviews in the main the views of the Republican members of the Hardwick sugar trust investigating committee. It gives credit to the beet sugar industry for holding down the price of sugar during the advance of last year and predicts that such a safeguard would be destroyed if the beet sugar men were driven out of business. The report asserts that the Underwood free sugar bill is "the boldest attempt in the history of our Republic to surrender an important and growing industry to foreign importers" and that it is "against the domestic sugar producers and solely in the interest of the refiners of imported raw sugar commercially known as the sugar trust."

The report asserts that the beet sugar growing industry would be killed if the beet refiners were forced to suspend by tariff legislation. There are 112,000 farmers engaged in growing sugar beets, the report declares. It comments that "the Democratic party says to these farmers: 'Give us a proposition to make you pay for this reduction in the tariff on sugar.'"

Predicting dire days for the sugar consumer, the report says: "Not in the palmiest days of the trust, when Mr. Havemeyer ruled its fortunes with a rod of iron and an ambition bounded only by the confines of this country, did the American Sugar Refining company over-moiled, such a portion of the sugar consumed in the United States as this bill would deliver into its keeping."

The assertion that the Underwood bill will help the sugar refiners and destroy the beet industry is followed by the insinuation that there has been collusion between the Democratic party and the sugar trust. In charging that the beneficiaries of the tariff removal will be the sugar refiners, the report makes this specification:

"Another evidence of the closeness of the union between the Democratic party and the sugar trust is found in the chemical schedule recently passed by the unanimous vote of the Democratic representatives and opposed by the unanimous vote of the Republican representatives. The Payne-Aldrich bill places an ad valorem duty on 25 per cent on bone black. In the Democratic chemical bill the duty on all items in this section, except bone black, is reduced from 25 per cent to 15 per cent. Bone black is taken out of the section and placed on the free list. Who uses bone black? Practically no one except the sugar refiners. It is one of the principal items of expense in refining sugar."

"Not a pound is used in the domestic sugar industry."

"The man who uses lamp black in painting his barn must pay a 15 per cent duty on the same, but the sugar trust, that uses millions of pounds of bone black, shall have the duty removed entirely so it can import the most expensive material used in its business without paying any revenue into the national treasury."

"Now less than a month after the passage of the chemical schedule the same Democratic party introduces a bill placing sugar on the free list, relieving these same refiners of the burden of \$2,000,000 duty on their raw sugar. Thus the union has been consummated."

Mrs. G. F. Schmalz and little son, George Jr., spent yesterday in St. Louis with Dr. and Mrs. Arthur Perry on Academy avenue.

**WEATHER INDICATIONS AND TEMPERATURES.**

### LECTURE ON PLAYGROUNDS.

At the Women's club meeting on Saturday afternoon Mr. Jerome Romney Taylor of Chicago, a noted social worker, will speak on the subject of playgrounds. Some good thoughts on this subject have been presented recently by our local papers. It is suggested that members use their guest privileges to enable friends outside the club to hear the discussion of this timely topic.

On Saturday evening at 8 o'clock, at the Congregational church, Mr. Taylor will give a presentation

lecture on "Recreation and a Better City." This lecture is free to the public. Come and hear it.

### WILL INFLATE CLASS.

This evening the Rebekahs are expecting an unusually interesting time when a class of eighteen will be initiated into the mysteries of that useful and worthy order. The degree team of this city is noted for its excellent work and it is probable that a number of visitors will be present from Rebekah lodges outside the city.

## REVIVAL CLOSES AT NORTHMINSTER

Impressive Ceremony Accompanies Closing Hours of Meeting—Family Reunion Held Including the 140 New Converts.

A large audience gathered at Northminster church last evening for the closing meeting of the great revival, which has been such a blessing to the community. A song service of fifteen minutes came first and then the children's chorus followed with a number of songs sung with childish simplicity and sweetness. One was especially appropriate and was entitled "Open the door for the children." The opening prayer was by Rev. E. Harris of Woodson. With kindly remarks concerning the audience Rev. Mr. Spooner introduced Rev. John H. Rush of Whitehall. The gentleman delivered a short discourse, talking as his theme the commonwealth of Christ, the One who stood for all mankind and was the same to all nations. John Knox was for the Scotch; John Wesley for the English; Luther for the Germans; but Jesus Christ was for all mankind.

The entire discourse was truly fine and earnest; uplifting and grand. He depicted in faithful words the claims Christ has upon all mankind and the manner in which the Blessed One gave Himself for humanity with no distinction, embracing all in His invitation.

Rev. Mr. Spooner followed with a faithful discourse from 1 John 2:8, Christ the true light.

His special address was to those who have recently come out on the Lord's side and to them he spoke with deep earnestness. His talk was epigrammatic and impressive. Some of the principles laid down are given below:

Obe Christ from principle and not enthusiasm, always be on hand and do not wait for a special feeling to arouse you.

If your religion depends on feeling you will only be a Christian off and on and more often off than on. Be intelligent and sound in the faith. Know why you are a Christian and always be ready to give a reason for the hope that is in you.

Feast on heavenly doctrines, the bible, and always strive to grow in grace. Take no steps backward, but always forward and study the bible diligently.

Use all God's appointed means of grace if you would be a true Christian. Do not forsake the reading of the holy book at home.

Cultivate a tender conscience and let it be the guide of your life and do not follow the common course of the world.

Be a faithful and true witness for Christ and ever be a working Christian for this is of prime importance.

Never complain of trials, but serve the Lord constantly.

An earnest invitation was tendered every one who had not come out on the Lord's side to do so at once. While the church sang several hymns, sixty-nine responded and it was pleasant to see the number of young persons and children among the number.

With the assistance of Mr. Hugh, Mr. Spooner administered the beautiful rite of baptism to 31 of the number and with tender words the audience was dismissed and requested to go down stairs, where there would be a family reunion.

**Family Reunion.** This feature was especially happy for it gave an opportunity to welcome into the fold all who had recently come out on the side of the Lord. The young converts were made to feel that they were at once welcome to the great family of the Master and many took occasion to press them by the hand and bid them welcome. It was indeed most blessed.

The ladies who especially had had charge of the reception were Mesdames Emma Vieira, H. E. Fry, David Kennedy, Essie Souza, A. P. Vasconcellos, John N. Joaquin and Della Goes.

Nice refreshments were served to all and were in charge of Misses Jessie Vasconcellos, Annie Correa, Stella Vasconcellos and Elsie Bleber.

Eternity alone will full determine the value of these meetings and they are left with Him who knows the hearts of all men. So far over 140 have united with the church and probably a few more will yet be brought in. The church and the faithful pastor are to be congratulated on the outcome and now all will hope that the new recruits will be active and keep the fires in their hearts burning by faithful work, which is the only safe way.

### MRS. VERMILYA'S CASE.

May Not be Tried For Murdering Policeman Bissonnette.

Chicago, March 6.—Mrs. Louise Vermilya, probably will not go to trial here tomorrow on the charge of murdering Policeman Arthur Bissonnette, as had been planned. She is accused of having poisoned him while he was a boarder at her home. The prosecution, it is reported tonight, will first ask Judge Kersten to continue the case. Failing in this, it is said, the Bissonnette case will be held over, and the arrest of the woman sought on another charge. The sudden switch in the state's plans is due to a report which was current today that Bissonnette was taking a medicine containing arsenic a short time before he died. Mrs. Vermilya was to be accused of poisoning him with arsenic.

Mrs. Vermilya has been in jail for several months. She is partly paralyzed and is moved in a wheel chair. She has insisted on an immediate trial.

### PASSAVANT VISITORS.

W. J. Moore and children of Winchester were in the city yesterday to see Mrs. Moore, who is a patient at Passavant hospital.

Other visitors at Passavant yesterday were Mrs. C. W. F. Warner of Bluffs, Miss Anna Day of Carrollton and Mrs. Lyman, whose husband was injured in the Burlington wreck at Lowder.

## Building for Permanency

Everybody likes to build, but nobody likes "repair jobs." They inevitably represent an additional investment without any addition to value. That point is worth digesting.

When you build, whatever you build, you like to build "for keeps."

Some people change their minds about styles in building; the same as wearables; our tastes develop and result in changes in our wants, but nobody changes his or her mind as to wishing to get the greatest possible endurance

or wear out of the things they buy, and especially is this true of building investments.

Those who build for time have a care in the selection of lumber. We had this in mind in buying our extensive lumber stock, and we would be pleased with a chance to give you a figure on whatever lumber bill you may have in mind. The prices named will be satisfactory and the **lumber qualities** will more than meet your expectations.

### WORDS FROM A KINDERGARTENER.

Play is a natural instinct in the child. He engages in play as an occupation; he learns the world through play. Froebel taught: "The whole of the latter part of a child's life is pure or impure, rich or poor, industrious or lazy, according to his play."

Assuming that play is necessary to the child, where then shall he play? Under what supervision and in what environment?

In our city we have a beautiful little park, but beyond the reach of children. Our free kindergarten, a child garden, has to be conducted in an up-stairs room, with a north exposure, and without a grassy spot in sight.

The need of a public playground in Jacksonville cannot be fully appreciated until one visits the homes of these little ones. Many of these homes have no lawn at all, the playground of the children being the railroad yards or the dirty streets.

One of the prime objects of our kindergarten is to teach the little ones how to play, and as they go out from the supervision of the kindergarten to a playground, the training they have received enables them to get a greater influence and blessing upon their future lives in God's out-of-doors, in the sunshine and fresh air.

Not only for the little ones but for the older boys and girls as well, who at present play mostly in the streets, should playgrounds be available. As the child grows older he has community interests; chess, baseball, tennis, games, etc., are formed and there is great need of a place where he can go for his play.

When playing, the child is in happy spirits and the most ready to receive impressions, hence careful supervision is needed, as well as equipment. The experience of other cities has been that in a very few years after the founding of their public playgrounds they are found to be among their most valuable assets.

Cannot Jacksonville do as much for her future citizens as any other city?

The above article by Mrs. Dr. C. E. Cole has an added significance when it is recalled that her work (as Miss Betty Dace) in the Jacksonville free kindergarten placed her for two or three years in intimate relations with the children of the first ward. She was a frequent and much loved visitor in their homes and speaks from an actual knowledge of local conditions. What she says concerning the location of the kindergarten has long been a source of regret to the good women who are carrying on this work.

### COLOR MEN TO MEET.

There will be a meeting of colored men at the Odd Fellows hall on the north side of the square Friday, March 8, at 7:30 p. m., to endorse the candidacy of Andrew Russell as Republican candidate for state treasurer. A large attendance of colored voters is expected.

### ENDORSED CANDIDATES.

The Colored Republican club of Sangamon county held a meeting in Springfield Tuesday evening and passed resolutions endorsing the candidacy of Secretary of State Rose, Auditor of Public Accounts McCullough, for re-nomination, and Andrew Russell for state treasurer.

## Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her loveliest and fairest. Why not? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

## RECEPTION TONIGHT

New Members Will Be Welcomed at  
Brooklyn This Evening--Splendid  
Musical Program Arranged.

A reception will be given to night at Brooklyn church for new members, who have come into the church as the result of the three weeks' revival, which has just closed. All the musicians, who furnished music during the meetings, will be present and render an excellent program and Miss Minnie Alkire will give several readings. The program, which has been arranged, is as follows:

Solo—Mrs. J. Bart Johnson.  
Reading—Miss Minnie Alkire.  
Selection—Johnson's orchestra.  
Solo—Miss Clara Ranson.  
Trombone solo—Mr. Harold Johnson.

Cello solo—Mr. Joseph Baylac.  
Reading—Miss Minnie Alkire.  
Solo—Mrs. A. M. Roberts.  
Piano solo—Miss Lillian Hemmigh.

Organ solo—Mr. J. Philip Read.  
Violin solo—Miss Beacie Reed.  
Selection—Johnson's orchestra.  
Mr. J. Philip Read will act as accompanist. Following the program a social hour will be enjoyed and refreshments will be served.

Service Last Night.  
There was a large audience at the meeting Wednesday night and one person united with the church. Rev. H. S. Alkire preached a splendid sermon on "Playing the Game of Life," taking as his text Phil. 1:13. Preceding the service was a prayer meeting in the chapel.

ANNOUNCEMENT.  
My millinery parlors will be located at Mrs. Young's residence, 513 West State street, and I will be ready to meet my customers the first of next week.

WOODSON CLASS ELECTS.  
The Builders of the Unity Presbyterian church at Woodson held a meeting recently at the home of their teacher, Mrs. E. Harris, at which time the annual election of officers took place. Those chosen were as follows:

President—William Russell.  
Vice president—William Cooper.  
Secretary—Chester Colton.  
Treasurer—Lloyd Darwent.

Following the business session a social hour was enjoyed and delightful refreshments were served.

Beautiful new ready to wear hats, all new models from \$1.50 and upward at Herman's.

NEW MANAGER FOR SWIFT & CO.  
F. G. Tanner, who has been local manager for Swift & Co. for the past two years, has been transferred to the Peoria office, and will be succeeded here by H. A. Barber of Chicago. Mr. Tanner and family will leave to day for Peoria. During their stay in the city they have made many friends, who will regret to see them leave, but will wish them all success in their new home.

SOON TO WED.  
Mr. and Mrs. S. E. Henry of Mayfield, Ill., have issued invitations to the marriage of their daughter, Miss Edna Malvina Henry, to Mr. Elmer Worth Chase Gibbs, son of Mr. and Mrs. Charles Gibbs of Lynnville; the wedding to take place at 2:30 o'clock Tuesday afternoon, March 12, at the Henry home in Mayfield.

## PRIMARY "CHALLENGE"

Note Correspondence on the Epistle.

Washington, March 6. More correspondence on the presidential primary "challenge" episode passed today between the two headquarters and the Roosevelt headquarters.

Senator Joseph M. Dixon, chairman of the Roosevelt executive committee, who issued the "challenge," replied to Director McKimley of the Taft bureau, who had asked to know if Senator Dixon proposed a primary by authority of Col. Roosevelt.

Senator Dixon said he had acted as the representative of the seven governors who had called upon Col. Roosevelt to be a candidate and "that no clearer authority could be had."

Director McKimley received Senator Dixon's reply late today just as he was going to some conferences at the capitol. He said he would make a reply probably tomorrow.

COCOA SPECIAL THIS WEEK.  
Best cocoa on the market, 29c can. Claus Tea Co.

WILL GIVE RECITAL.  
William P. Phillips, baritone, will give a recital in Music hall Monday evening at 8:15. It will consist of French, German and Italian songs. Miss Louise Miller will act as accompanist. The public will be cordially invited to attend.

MAPLE SAP SLOW.  
Unless there is a change in the conditions of the weather the maple syrup season this year promises to be unusually short. Usually the sugar making season starts in February and is at its height by this time, but there is said to be little doing at the camps so far. It is very doubtful if there is much of a flow of sap in the coming few days.

C. W. B. M. TO MEET.  
The C. W. B. M. will meet at 3 o'clock this afternoon at the residence of Mrs. Alice Dabney on Anna street. A good program has been arranged and all are cordially invited. Nellie Early, president; Mrs. Henry Davis, secretary.

Watch this paper for the announcement of Herman's grand spring opening.

## ROBERT HUNTER PASSES AWAY

Early Settler of Morgan County Dies at Home in This City—Was Man of Sturdy Character.

Robert Hunter, one of the most highly respected citizens of Morgan county and an early settler, died at 6 o'clock Wednesday evening at his home, 803 South East street. Mr. Hunter had been suffering since last August from a hardening of the arteries and for the past two months had been confined to his bed. For some weeks he realized that the end was near and he conversed at intervals with his wife and his family concerning his departure from this world into the greater and better life beyond. He had a bright hope and at times when he experienced shocking spells he seemed to have a glimpse into the eternal city. Last Sunday it was thought the end was coming and his pastor and family gathered at his bedside. He told them then of a look into heaven and of the glories that there awaited him in the meeting of his Lord and the loved ones that have gone before. From that hour he grew gradually weaker and at 6 o'clock Wednesday evening passed peacefully away.

Mr. Hunter was a man of sturdy character. He held the highest regard of all who knew him and they were many, for his long life in this county and his record of upright living served in the forming of a wide acquaintance. Joyful, kind, honest and industrious he had interwoven into his character all those qualities which make for the best in citizenship.

He leaves to the community the rich inheritance of a life well spent and to his wife and family the memory of a husband and father, who was true to every trust. Mr. Hunter instilled into his children the principles of strong Christian character, which were handed down to him by righteous parents. Mr. Hunter united with Hebron M. E. church under the ministry of Rev. A. Sample in 1876 and has since been a devoted member, being faithful to this religion he professed. He was an earnest Christian man, true to his God, his country, his church and his home.

Robert Hunter was born March 4, 1834 at Broxa Farm, Yorkshire, England, being a son of Francis and Jane Hunter. When only nine weeks old he came with his parents and grandparents to this country, settling in Morgan county. His grandfather entered land in this county at \$1.25 an acre, coming into possession of the farm, which afterward was owned by his father and then by Mr. Hunter himself. This farm is located near Hebron church, east of Jacksonville, and here Mr. Hunter spent all of his life until he came to this city, seven years ago. His son, Frank, is now living on the farm.

Mr. Hunter was married Nov. 27, 1862, to Miss Jane Hopper, a member of another family which came from England and contributed to the good citizenship of this county. To this union were born six children: Alice, wife of Richard Dods-worth of this city; Frank T., on the home farm; Sarah E., wife of Charles Martin of this city; John R., residing near Litchberry, Elizabeth J. and Emma D., both at home. These children all survive, with the wife, thirteen grandchildren, and two sisters, Mrs. J. C. Smith and Mrs. Frances Mahon, of Sinclair, both being older than Mr. Hunter.

Funeral arrangements will be announced later.

**ACCUSED OF FRAUD.**  
Seattle, Wash., March 6.—Warrants for the arrest of the entire election board of precinct 219 at yesterday's election were issued tonight and three of the five men locked in the city jail, in default of \$1,000 bail. The men are accused of counting fraudulent ballots, there being 116 ballots in the box while the poll books showed only 115 men voted. One of the men arrested is Waldo Brewster, 61, judge of elections, who came here from Des Plaines, Ill.

**OKLAHOMA DELEGATES.**  
Oklahoma City, Okla., March 7.—Returns received up to 2 o'clock this morning from fifty-three of the seventy counties in which Republican conventions were held yesterday show 281 delegates to the state convention from 33 counties instructed to vote for a Roosevelt delegation to the national convention. In 13 counties, 63 delegates were instructed for Taft and in seven counties the conventions were split.

**BOYS HAVE HEARING.**  
Lee Flowers and Lionel Hare, who were recently mixed up in the theft that was discovered at the McCarthy-Gibert factory, appeared before Judge Brockhouse yesterday afternoon on complaint of Mrs. Emma Weller. The Hare boy was ordered sent to the St. Charles School for Boys. The Flowers boys' case was continued until next Thursday.

Mrs. E. Harris has returned to Woodson after a pleasant visit with Mrs. Bernard Gause.

**YOUR FRECKLES**

Need Attention in March or Face Will Stay Covered.  
Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The March winds bring out freckles that will stay all summer unless removed now with outline—double strength.

This prescription for the cure of freckles is the discovery of an eminent skin specialist, and is so uniformly successful that it is sold by Armstrong's Drug Store under guarantee to refund the money if it fails. Get an ounce of outline—double strength, and even the first night's application will show a wonderful improvement, some of the smaller freckles even vanishing entirely.

## ILLINOIS TEAM LEAVES FOR TOURNEY

Basketball Squad Off For Bloomington to Participate in Intercollegiate Meet—Local Interclass Tourney.

Coach Harmon and his basketball players, consisting of Phillips (Capt.), Hedgecock, Johnson, Darr, Buchelt and Swain will leave this morning for Bloomington where the college will be represented in the intercollegiate tourney which will open this afternoon. Coach Harmon will leave over the Alton at 6 o'clock and his team will go at 8:28 over the Wabash via Springfield. There is a possibility that one of the best men on the Illinois team will not be able to go, so it is difficult to prophesy just what share of honors the local men will win. Wesleyan and Millikin are both figuring on winning the tournament, while some of the other colleges have very creditable teams.

This year instead of giving cups, trophies will be awarded the first and second teams. They will be mounted on hammered brass shields with suitable inscriptions. Two Chicago officials will act as referee and umpire and the contests which will last through Saturday will be held in the Y. M. C. A. gymnasium.

**ILLINOIS COLLEGE TOURNEY.**  
Announcement was made at the regular students meeting yesterday that an interclass basketball tournament will be held in the gymnasium next Tuesday afternoon and evening and already no little interest has been manifested over the tourney. The seniors will play the juniors, the freshmen the sophomores, the sophomores the middle schoolers of Whipple, the middle schoolers of Whipple the seniors of Whipple. The finals may not be played until the following day. A small admission will be asked and the receipts will go toward the college trophy room.

The classes will line up as follows:  
Freshmen—Jaccard, Johnson, Berry, Braeewell, Nebold, Jensen.  
Sophomores—Buchelt, Dugger, Stottlar, Turi, Russell, Hatfield, Swain, Noll, Steffen, Clowes.  
Whipple seniors—Stark, Burdard, Hayden, Busch, Harpole, Dury.

Whipple juniors—Hill, Sooy, Lukeman, Land, Smith, Wagner.  
Whipple middle schoolers—Long, Irick, Pierce, Hall, Apple, Blacketter.  
Whipple seniors—Darragh, Alford, Hunziker, Prins, Holmes, Goodwin.

Coach Harmon has been looking after his men and getting ready for the track work. The Cross country runs have been on several days and this contest will take place the first Friday in April. Some of the men have been doing inside track work and it is being arranged to hold an indoor meet some time this month.

**FOUGHT A DRAW.**  
Quincy, Ill., March 6.—Kid Farmer of Peoria, and Jake Barad of St. Joseph, Mo., went ten rounds to a draw here to night.

**BALL PLAYER MARRIED.**  
Cedar Rapids, Iowa, March 6.—Roy Kadabaugh, pitcher for the Montgomery, Ala., baseball team, and Miss Andee Rath of this city were married here to day.

Mrs. N. A. Howe is quite ill at her home, 477 South Clay avenue.

**AGED NURSE DEAD.**  
New York, March 6.—Mary D. Jones, for whom a special act of congress was passed granting her a pension for heroic service performed as a nurse during the civil war, died to day in Brooklyn, aged 103.

**AGED PEORIAN DEAD.**  
Peoria, Ill., March 6.—James L. Bannister, former president of the board of trade, died here to day at the age of 93. He was a thirty-third degree Mason.

## DEATHS AND FUNERALS

**Corrigan.**  
Matthew Corrigan died at 4 o'clock Wednesday morning at his home in New Berlin, at the age of 77 years. Death was due to pneumonia. He is survived by his wife, five sons and five daughters, as follows: James W. and John P. of New Berlin; Joseph B. of Waukegan; Edward and M. B. Corrigan of Chicago; Mrs. W. J. Peters of Boston, Mass.; Mrs. F. J. Kaiser of Alexander, Mass.; Mrs. J. W. Sullivan, Mrs. John Hammerman and Mrs. D. Reed of Sangamon county.

The funeral will be held at 7:30 o'clock Friday morning from the Catholic church at New Berlin and interment will be in Calvary cemetery at that place.

**Becraft.**  
The Roodhouse Record says: Mrs. Mary A. Becraft, the mother of Engineer Eliza Becraft, died at the home of Mrs. Pellett in this city at 10 o'clock this morning, following a sickness of pneumonia and asthma, and other complications incident to old age. She was 84 years old September 30, last. Since the removal of her granddaughter, Mrs. Eliza Short to Kansas City, Mrs. Becraft has had rooms at Mrs. Pellett's, Eliza, of Jacksonville, is the only surviving child. Her husband preceded her in death, opened up one among the early coal shafts in this vicinity, just north of the F. P. Armstrong property, in 1874.

Funeral services will be conducted by Rev. W. R. Butler at the late home of the deceased, at Mrs. Pellett's Thursday morning, March 7, at 10 o'clock. Burial at Diamond Grove cemetery, Jacksonville.

Many years ago Mrs. Becraft and her husband removed to Morgan county, where he followed the occupation of farming. Later they came to Jacksonville, where Mr. Becraft conducted a brick yard until 1874, when they moved to Roodhouse. Mr. Becraft died in this city in 1886.

Mrs. Becraft was a member of the Congregational church at Roodhouse and was a woman of beautiful Christian character.

## BACK FROM SOUTH POLE

Captain Amundsen, the Norwegian Explorer Heard From.

Hobart, Tasmania, March 7.—Captain Roland Amundsen, the Norwegian explorer, has reached here on the return from his South Polar expedition.

Captain Amundsen, the discoverer of the Northwest passage, left Norway in 1910, for the purpose of making an attempt to drift across the Arctic ocean in search of the north pole, a voyage which was likely to occupy not less than six years. He changed his plans, however, and announced his intention of starting on an antarctic expedition. Captain Amundsen's steamer, Fram, went into winter quarters early in 1911 at the Bay of Whales in Ross Sea. In the dash for the south pole Amundsen was several months ahead of Captain Robert Scott.

Just when Captain Amundsen began his race for the pole is not known. He had with him eight men, 116 dogs and a very complete equipment. According to mail advices from Amundsen he hoped to reach the pole by way of Beadmore glacier. Amundsen was to have been picked up by his ship some time in February of this year on his return from the trip across the ice. Considerable interest has been aroused as to who would first be able to communicate to the world the first news as to the results of his antarctic expedition—Amundsen or Scott. The former had a longer journey than Scott, but the latter was compelled to make a stop to pick up a party, and has not yet been heard from.

## WILLING TO LEND MONEY.

Lewis Said Public Ready to Loan Without Security.

St. Louis, March 6.—E. G. Lewis, University City publisher, told Frank V. Putnam, former treasurer and director of his company, the "Public" is willing to lend money to the Lewis Publishing company without any security whatsoever. Putnam testified this afternoon in the United States district court, where Lewis is being tried on charges of using the funds to defraud.

Putnam said Lewis made the statement that Putnam had told him the Woman's Magazine building was not worth \$450,000. Testimony previously had shown the building was mortgaged for this sum when Lewis conceived his plan of selling notes for small amounts to readers of his periodicals. Putnam said the money received on these notes was placed in the treasury of the Lewis Publishing company but it was used as fast as received.

**INSPECTION CEASES.**  
Chicago, March 6.—Owing to a shortage of funds, factory inspection in Illinois outside of Cook county has ceased. State factory inspector Davis made the statement to night before the Men's league of the Sunday evening club. He severely criticised the legislature for its alleged neglect of his department of the public service. He said the legislature appropriates \$100,000 for cow sheds at the state fair grounds and thousands for a monument to some one who killed Indians 70 years ago and other thousands to drain a creek, but fails to provide funds for the maintenance of a department which looks after the welfare of hundreds of thousands of workers. Mr. Davis' falling health probably would cause him to resign within a short time.

## Closing Out All of Our Hosiery

The Watson Glasgow Co. (the makers of Kenlock Hose) have retired from business and we cannot in consequence secure orders.

This means that in a short time we would have only a broken stock of sizes and numbers.

Out stock is kept complete by reordering once a week. Rather than go through the season with either half a stock, or a mixed stock, which is almost as bad, we have decided to make prices that will close out our present brand at once.

This means the closing out of each and every pair of hose in the house. The "Kenlock" we have always considered one of the best on the market.

We are sorry to give it up, but there is another that we want to tell you about later on—but at present we want to get rid of the "Kenlock." Our Hosiery stock is now complete in every particular. The spring and summer numbers are here in Silk, Lisle, Gauze Lisle—all colors and sizes. Priced for this closing out sale:

All 10c hose, 7c, 1 pair for 25c. All 15c hose, 10c straight.

All 25c hose 10c, 3 pair for 50c. All 35c hose 25c straight.

We are negotiating with one of the best known manufacturers of Hosiery in the country. A full and complete line will be ordered irrespective of our Kenlock Hose on hand.

All 50c Hose 39c, 3 pair for \$1.00 | All \$1.00 Hose 75c, 3 pair for \$2.00  
All 75c Hose, straight 50c | All \$1.50 Hose, straight 95c

## WOMAN SHOT TO DEATH.

Lynn, Mass., March 6.—Mrs. Jessie Chapman, wife of Charles Chapman, a shoe worker, to night approached Mrs. Florence Ingalls on the street and shot her six times. Mrs. Ingalls died almost instantly. The women were neighbors and had been friends for years. When arrested, Mrs. Chapman said: "She ruined my life," and added, "my husband was not to blame at all."

Her husband and friends believe she is mentally unbalanced.

## WILL INITIATE MANY

Large Class to Be Taken Into Illini Lodge No. 4—Election of Officers Held.

An election of officers in Illini lodge, No. 4, I. O. O. F., was held and resulted as follows:

N. G.—F. H. Thies.  
V. G.—J. Clark Rothwell.  
Recording Secretary—Thomas Hughes.

Financial secretary—John Nolley.  
Treasurer—Andrew Russel.  
Trustees—J. B. Williamson,  
T. F. Martin, Arthur Cobb, Albert Phillips and P. G. Stein.

The association is in a flourishing condition and when the newly acquired property, the Newman building on East State street, is re-modelled in accordance with plans which have been prepared Illini lodge will have one of the most commodious and complete homes for its rapidly growing membership in this part of Illinois.

**Will Initiate Class.**  
Tuesday evening, March 12, is the date set for the initiation of a class of candidates, numbering thirty-five, and the ceremonies attending the reception of the candidates will be conducted by popular and efficient degree team of the lodge. It is the expectation to have as guests on that evening members of the order from Arcadia, Lynnville, Murrayville, Nortonville, Woodson and other nearby towns.

Grand Master W. A. Hubbard of Carrollton and Secretary John H. Sikes of Springfield will be special guests on the occasion.

A committee has been appointed to have prepared refreshments for the members and the visiting guests and also to have charge of the arrangements for the entertainment of the visitors.

It is the intention to make the event one long to be remembered and which will go into the annals as a "red letter" day.

## RECIPROCITY DEAD.

Minneapolis, Minn., March 6.—In a letter to P. V. Collins of Minneapolis, editor of an agricultural paper, and who is seeking to obtain the repeal of the reciprocity agreement entered into by the United States, but rejected by Canada, Theodore Roosevelt declared that the reciprocity treaty is dead, but that in no future attempt to re-arrange the tariff must there be a discrimination against the farmer.

## UNITY PRESBYTERIAN CHURCH.

The announcements for the Unity Presbyterian church at Pisgah next Sunday are as follows: Sunday school at 9:30; usual preaching service at 10:30; Christian Endeavor at 6:30. There will be no service at night on account of the revival at the Christian church, giving the members an opportunity to cooperate in the meeting there. Rev. Edwin Harris, pastor.

## WOODSON REVIVAL.

Interest is increasing nightly in the evangelistic services in the Christian church at Woodson. Rev. Charles D. Hougham is gaining favor with the people and his sermons have the ring of the true gospel. Miss Taylor is proving a wonderful chorus leader and the music is one of the features of the services. Evangelist Hougham preached last night on the subject "Will the Old Book Stand" and to night his subject will be "How to Study the Bible."

## CONTRACT IS LET FOR NEW CHURCH

Methodists of Murrayville Complete Arrangements for New Edifice—Last Service in Old Church Will Be Sunday, March 17.

The contract for the new Methodist church at Murrayville has been let to J. H. Martin of Liverpool, Ohio, who erected the new church at Ashland. A meeting of the official board was called Wednesday afternoon by Rev. J. A. Biddle, the pastor, and the recommendation of the building committee was heard and adopted.

The new church will be built on the site of the old one, and the work of tearing down the present church home will begin Monday, March 18. The work from that time will be pushed and the contractor agrees to have the new church ready by the first or middle of September. The plan of the new building will be practically that of the Ashland church. One of the features will be a large and convenient Sunday school room, divided into six or seven small apartments. This room will adjoin the main auditorium and will be separated from it by folding doors. The basement will be fitted out to be used as a dining room or reception hall and will be used for all social gatherings, banquets, etc., which the church may conduct.

(Rev. Mr. Biddle, the pastor, is planning a special service for Sunday, March 17, which will be the last meeting in the old church. He hopes to make it a home coming event and to get back to the church for the day as many as possible of those who at any time were numbered among the members. This no doubt will be an inspiring and memorable service. The old church at Murrayville has wrought wonderful changes in the lives of many and sacred memories are within its walls.

The building committee is composed of J. E. Osborne, J. A. Carlson, Thomas Bush, John Warcup, Edward Ketner and H. E. Millon.

## LOCAL "Y" LOSES.

Springfield "Y" Victor in Basketball Game.

The Jacksonville Y. M. C. A. basketball team was defeated last night by the Springfield Y. M. C. A. five at Springfield by a score of 47 to 22. There was much rivalry between the two teams and the victory was quite decisive for the capital city men. Jacksonville's line-up Newman, center; Johnson and Osborne, forwards; Rodgers, Waterfield and Walker, guards.

## STATION ROBBED.

Burlington, Ia., March 5.—During the absence of Station Agent Breneman and while Operation Kersten was on the platform attending to train No. 4 tonight, an unknown person entered the Burlington railroad station at New London, Ia., broke open the money drawer and secured \$32.61 in cash and a check for \$5.45. There is clue to the robber.

## WITH THE SICK

Mrs. Matthew Minter is quite ill at her home on East College avenue. Miss Anna Flynn is confined to her home on Railroad street by illness.

Miss Gertrude Fernandes who underwent an operation at Our Saviors' hospital Sunday is improving very nicely.

Peter W. Henderson of the Literary neighborhood still remains quite poorly although on Wednesday was feeling improved.

Aaron Petefish, ex. of Literary, who has been confined to his home for some time by illness, was better Wednesday.

William Walbaum is quite ill with pneumonia at his home north of Alexander.

## SOCIAL EVENTS.

Miss Edna Colby entertained a few friends at her home Wednesday evening in honor of Homer Green of White Hall, who expects to leave this evening for Los Angeles, Calif. A number of amusing games were played, interspersed with music, and during the hours light refreshments were served.

Miss Lucia Lippincott will entertain at her home on West College avenue Friday for Miss Cora Furr.

**JACKSONVILLE LODGE, NO. 570, A. F. & A. M.**

## MYSTERY CLEARED.

Chicago, March 6.—The mystery surrounding the supposed kidnaped three-year-old boy, Angelo Arnold Poretto, now at Mount Morris, N. Y., has been partially cleared by Le Roy Robinson, a carpenter of Mounts, Ill., who arrived here to night. Robinson says the boy was given to him by a man in a railroad station and that he took him to his brother's home in Mount Morris. This statement was corroborated by Mrs. Ida Poretto, who, is said, admits the child, who is her son, was given to Robinson by her husband, because they are too poor to take proper care of him. Robinson has been detained pending further inquiry.

## DUNNE IN DECATUR.

Decatur, Ill., March 6.—Ex-mayor Edward P. Dunne of Chicago spoke to an audience of 250 tonight in the interest of his candidacy for the governorship in the Democratic ticket. He devoted most of his speech to an attack on graft and boodling and declared that when the Republicans defeated John B. Altgeld, Democratic candidate for election, the shadow of graft, corruption and jackpotism first cast its shadow over the legislature and remained until the present day, when jackpotism, boodling and graft walk hand in hand, denied by none.

## MARKHAM.

Next Sunday morning, March 10, at Liberty church, Rev. Alden J. Green will preach. He is pastor of the M. P. church at Bluffs, where Rev. Frederic Baylis is assisting him in revival services. Everyone is asked to come out and give him a good audience to speak to.

## QUIET HOME WEDDING

Miss Nina Obermeyer becomes the bride of Mr. Evans Maxwell Wednesday Night at Residence of Bride's Parents.

The marriage of Miss Nina Obermeyer and Mr. Evans Maxwell, took place Wednesday evening at 8 o'clock, at the home of the bride's parents, Mr. and Mrs. J. A. Obermeyer, 214 North Church street, Rev. F. A. McCarthy of Centenary M. E. church officiating. The wedding will come as a great surprise to Miss Obermeyer's friends, although Mr. Maxwell's visits to the city for the past months have been frequent.

The house was decorated in a simple manner by a color scheme of pink and green and the ceremony was witnessed by only members of the immediate family and a few close friends. After the marriage the company went to the Peacock Inn, where a dinner of splendid menu was faultlessly served.

Miss Obermeyer is the eldest daughter of Mr. and Mrs. J. A. Obermeyer and has practically spent her whole life in Jacksonville. She received her education in the public schools and later studied voice at the Illinois Woman's college. She possesses a fine soprano voice of most pleasing quality and has often been heard with pleasure in several musical events of the city. She has won many friends by her pleasing manners and everyone will wish her a happy and prosperous married life.

Mr. Maxwell's home is in Philadelphia, Pa. He graduated from the Pennsylvania Technical school in mechanical engineering and later entered the automobile business. For the past three years he has been connected with the sales force of the Hudson Motor Car Co., of Detroit, Mich. His vacation has taken him over the United States, Canada, Cuba, Mexico and the Hawaiian Islands. He was a soldier in the Spanish-American war and is a thirty-third degree Mason. He is a most affable gentleman and is held in high regard by his employers.

Mr. and Mrs. Maxwell will leave this morning over the Alton for an extended trip of six weeks through the south, including a trip to the island of Cuba and later will go to the Pacific coast, where the groom has several months work for the company.

## FUNERAL NOTICE.

The funeral services of Mrs. George Tribble will be conducted from the family residence near Franklin at 11 o'clock this morning, Rev. J. W. Bell of the M. E. church, officiating.

## S.S.S. PURELY VEGETABLE

It is a generally recognized truth that medicines made from vegetable ingredients are a great deal better adapted to the delicate human system, and safer in every way, than those composed of strong mineral mixtures and compounds. Mercury, potash, arsenic, etc., which are used in the manufacture of most blood medicines, are too violent in their action, and frequently derange the system by disturbing the stomach and digestion, affecting the bowels, and when used for a prolonged period often cause Rheumatism. S. S. S. is the only blood medicine guaranteed absolutely and purely vegetable. It is made entirely of roots, herbs and barks, selected for their purifying and healing qualities. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, and all other blood diseases, because it cleanses and purifies the blood, and at the same time builds up the entire system by its fine vegetable tonic effects. S. S. S. may be taken by young and old with absolute safety, and with the assurance that it will cure the diseases and disorders due to an impure and poisoned blood supply, even reaching down and removing hereditary taints. Book on the blood and any medical advice free to all who write.

## Bowels are Basis of Child Health

The careful mother, who watches closely the physical peculiarities of her children, will soon discover that the most important thing in connection with a child's constant good health is to keep the bowels regularly open. Sluggish bowels will be followed by loss of appetite, restlessness during sleep, irritability and a dozen and one similar evidences of physical disorder. At the first sign of such disorder give the child a teaspoonful of Dr. Caldwell's Syrup Pepsin at night on retiring and repeat the dose the following night if necessary—more than that will scarcely be needed. You will find that the child will recover its accustomed rosy cheeks at once and will eat and sleep normally. This remedy is a vast improvement over salts, cathartics, laxative waters and similar things, which are altogether too powerful for a child. The homes of Mrs. A. W. Smith, Viola, Ill., and Mrs. L. E. Freese, 307 So. 15th St., Springfield, Ill., are always supplied with Dr. Caldwell's Syrup Pepsin, and with them, as with thousands of others, there is no substitute for this grand laxative. It is really more than a laxative, for it contains superior tonic properties which help to tone and strengthen the stomach, liver and bowels so that after a brief use of it all laxatives can be dispensed with and nature will do its own work. Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

## PRINCIPAL WHIPPLE ACADEMY RESIGNS

Carl E. Robinson Severs Connection With School—Will Take up Study of Law.

At the regular monthly meeting of the faculty of Illinois college on Wednesday afternoon, President Rammelkamp announced that Mr. Carl E. Robinson had resigned his position as principal of Whipple academy to take effect at the end of the present academic year. The trustees of the college have accepted the resignation with great regret. It has long been a cherished purpose of Mr. Robinson to take up the study of law and he has resigned from his present position in order to enter a law school next fall. President Rammelkamp and the trustees deeply regret to lose the services of Mr. Robinson since his work as principal of Whipple academy has been most successful. He has kept up the standard of scholastic work in that department and under his administration the attendance has greatly increased.

Although Mr. Robinson will give up his work as principal of the academy, he will not entirely sever his connection with the institution. The trustees have employed him to act as field agent for the college and he will be engaged in this work for practically the whole summer. The trustees have already taken steps to find a successor for Mr. Robinson. Every effort will be made to find an efficient man in order that the work of this department may be continued with that high degree of efficiency that has always characterized Whipple academy.

## POINTS FOR POULTRY RAISERS.

From time to time the Journal will print a column or more of news items with reference to poultry interests. Communications from poultry raisers, asking questions or offering suggestions about methods, etc., will be welcomed.

### Poultry Editor Journal:

I saw in your Poultry column an article recently recommending the use of sprouted oats to make hens lay. I have six hens and have been feeding them sprouted oats once a day since the first day of February. My hens in February laid 36 eggs. On Feb. 7 for the first time every hen laid and since then they have averaged 33 eggs a week, which is almost five eggs a day. In addition to the oats, I feed them table scraps, potato peelings, etc. I keep dry bran and crushed shell always before them. Oftentimes when feeding the sprouted oats I cover them with straw so that the hens are compelled to scratch the straw in finding the grain. A year ago I kept four hens in the same way and during the months of February and March they laid 176 eggs.

### Poultry Editor Journal:

Will feeding milk to poultry cause pale colored egg yolks? A. M. Do not believe that feeding milk will affect the color of the egg yolk, providing you feed plenty of cut clover and yellow corn. Heavy grain feeding where green food is not used will result in pale yolks.

### Poultry Editor Journal:

What is the matter with my S. C. Rhode Island Reds? They have small red scabs on their combs? It. Your chicks have sore head, or a mild form of chickenpox. Isolate all affected birds, apply glycerine, containing 2 per cent carbolic acid, to sores each day.

### Poultry Editor Journal:

One night after my hens had gone to roost I heard one of them making a noise, breathing through her mouth with a rattling in the throat. She recovered, but since several pullets have been suffering the same way.

Your hens have slight colds caused by roosting in a draft or getting damp. Give one-half grain of quinine and grease their nostrils with vaseline.

### Kill the Bad Layers.

Any bird which does not show a good record as a layer should be killed, because progeny from such a one would be a source of loss to those who were unfortunate enough to get eggs from her. No one takes a greater delight in type and symmetry than we do, and pens of typical well bred birds are a source of pleasure to us; but we are even more pleased to see in the afternoon a good yield of eggs in the nest awaiting collection as we know that the others will in their turn have a similar pleasure as the pullets hatch from their eggs will give a good account of themselves. When every one studies the laying quality in fowls there will be profitable poultry to all. We are convinced that each year the egg yield is more satisfactory taking the country through, as people who keep fowls have a good cause to know that it is the good layers which pay, and they naturally endeavor to secure them for the following season. Notwithstanding all that is written on the subject there is still lethargy amongst a good many of our farmers, who seem to cling to the old style poultry management. It is necessary in order that their birds may be a success, that they should give the laying qualities their consideration and thus make their fowls a help to their yearly accounts.—Western Poultry Journal.

### Notes.

March hatching will be profitable. Barrels laid on their sides under a shed or some building make ideal nests at this time.

Try alternating males in the breeding pen for strong fertility. Eggs from 2-year old hens hatch best now.

Too heavy feeding causes indigestion among fowls, unless a good supply of grit is kept before them.

Start a hen at her work early in the morning, keep her at it and the chances are two to one that she will lay before night.

The fowls should be separated into flocks of twenty-five or thirty, dividing the pullets and putting the hens by themselves. They can be fed better and there will be more eggs.

A poultryman recommends the use of vinegar in the mash to stop the hens from eating eggs. The mash should be made quite sour.

The hens will not lay without proper feeding no matter how fine and comfortable the houses are.

The crow is no friend of the poultry raiser.

You can stop a hen from sitting by placing sharp stones in her nest. It may irritate the hen for a time, but it's certain to break up the game.

A man may know much more than his neighbor, but he should be too busy to think about that. The world pays a premium on knowledge, but it doesn't pay a cent for boasting.

Bellingham, Wash., recently had a poultry show that was somewhat out of the ordinary. It was held in a tent, under the auspices of three boys whose ages range from 10 to 14 years. The exhibit consisted of twenty-five chickens, fifteen pigeons, four Belgian hares and two ducks all blooded stock. The admission was five cents and the show was very liberally patronized. Who knows but that these boys may become world-famous some day as poultry breeders and showmen?—Commercial.

### Don'ts.

Do not set the hens in the regular laying house, and do not set a hen until she is thoroughly broody.

Do not place more than eleven eggs under a hen as they are apt to be chilled when too many are given.

## MASONIC MEETING

Grand School of Masonic Instruction in the City March 12-14.

The Masonic fraternity of this city and vicinity are to be favored next week, Tuesday-Thursday, with a school of instruction for the 31st Masonic district of Illinois and a number of lodges will be represented and it will be a great occasion. It will be under the direction of J. E. Jeffers, secretary of the board of grand examiners, assisted by various grand lecturers present, including C. P. Ross of this city.

Three sessions will be held each day at 9:30 a. m., 1:30 and 7:30 p. m.

At each evening session degrees will be conferred on actual candidates.

**Program.**  
Tuesday, March 12—  
Forenoon—Opening and closing.  
Afternoon—Entered apprentice degree.

Wednesday, March 13—  
Fellow crafts degree.  
General exercises.  
Thursday, March 14—  
Master Mason's degree.  
Review.

Grand Master Darragh is expected Thursday evening, at which time he will be given an official reception. District Deputy Grand Master Truman P. Carter has sent out the following:

**Brethren of the 31st District:**  
A rare opportunity is now offered you to receive the best instruction in the ritualistic work, the History and Symbolism of Masonry under the competent instruction of R. W. Brother J. E. Jeffers.

No one can appreciate fully the beauty and richness of the teachings of Masonry without becoming familiar with the work.

It is hoped the officers and members of the various lodges will take this opportunity of becoming more proficient and attend the school of instruction for the full three days.

Railroad facilities are good; hotels are excellent. Lay aside your business cares for the three days; come and join us and enjoy the good fellowship which only Masons know how to extend.

Fraternally,  
Truman P. Carter,  
District Deputy Grand Master 31st District.

**How Cold Causes Kidney Trouble.**  
Partly driving blood from the surface and congesting the kidneys and partly by throwing too much work upon them, Foley Kidney Pills strengthen the kidneys, give tone to the urine organs and restore the normal action of the bladder. They are tonic in action, quick, quick try them. J. A. Obermeyer, City drug store.

### HIS 85TH BIRTHDAY.

H. L. Jackson was up town yesterday for the second time this winter. He was celebrating his 85th birthday and felt much pleased to be able to get about and call on some of his many friends. Mr. Jackson is a well preserved old gentleman and seems to be in good health though some what lame and walks with difficulty. His mind is very clear and he recalls the days of the past with remarkable clearness.

He says he rode on the first railroad in the state, the old road that went from Springfield to Mercedosa, passing directly through the square in this city. He naturally sees a great many improvements since he took his first ride. Then the train would stop anywhere for a farmer to get on or send his produce to market and sometimes they abandoned the engine for mules. Occasionally they would have to stop the train between this place and Springfield and open gates.

### HELD PUBLIC SALE.

The public sale of J. Z. Scott, which was held Wednesday afternoon at his farm west of the city, was largely attended and stock brought very satisfactory prices. The sale totaled \$2,500 and prices prevailed about as follows: Black mule, \$207; to Allen Sturdy; driving horse, \$200, bought by Edward Morris of Merrill; bay driving horse, \$160; six 2-year-old steers, \$56 a head, yearling steers, \$28.75; calves, \$23.25. Farm implements also sold well. Charles H. Taylor of Chapin was auctioneer and John Lazonby and John A. Paschall were clerks. Lunch was served by John Layman of Jacksonville.

### THE WEATHER.

The temperature for Wednesday, according to G. H. Hall of Alexander, was: Maximum 37 and minimum, 3.

The onion smell and the onion breath  
Just worry most of us half to death.  
If you stand for it longer, it's not our fault,

### HAD RIGHT TO DRINK.

Judge Had Compassion on Man Who Had to Be Housework.

Chicago, March 6.—If a man is forced to do his housework, he is justified in drinking and seeking to forget his troubles, decided Municipal Judge Scully here to day.

Burt Harkin was arraigned before the court on a charge of disorderly conduct. He admitted having been intoxicated, but he said the circumstances under which he took to drink were extenuating. "For some time I've been taking care of our house and cooking meals for my wife and myself," he said. "The work was uninteresting, and it got on my nerves. I was mighty glad to get a drink and forget my troubles."

"Discharged," said Judge Scully.

### ILLINOIS ARBOR AND BIRD DAY ANNUAL.

The governor has designated Friday, April 19, and Friday, Oct. 25, as Arbor and Bird days. The annual

issued by the superintendent of public instruction for school observance of those days will be ready for distribution about March 15.

It will contain the following leading articles: "Bird Study," by Herbert Bassett. "How to Study Birds," by Chester A. Reed.

"How and Why Birds Travel," by James Newton Baskett.

"Some Beneficial Birds and their Protection," by John P. Gilbert.

"Studying Trees Afield," by Edgar S. Transau.

"Wild Flowers," by Ralph E. Wager.

There will be the usual number of poems and other selections and a suggestive program. It is illustrated with about fifty cuts.

Persons troubled with partial paralysis are often very much benefited by massaging the affected parts thoroughly when applying Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

A few of measures will not help a plant that has a center rotting out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure root rot and blight by rubbing on your fingers, and putting in fertilizer.

You must look to the cause of the trouble. It is a germ at the roots of your plant which causes it to fall out.

## TOLD WHAT HE KNEW

Witness Became Penitent When Jail Sentence Stares Him in the Face

Chicago, March 6.—John W. White, an employee of a loan company, made conflicting statements in Judge Landis' division of the United States district court here to day regarding the ownership of the company and the court sentenced him to ninety days in jail.

White immediately became penitent and on his promise to divulge all the information sought by the court, the jail order was rescinded.

"It is evident that a large amount of perjury is necessary in the conduct of a loan business," Judge Landis said.

"Unless employees and owners of loan companies testify truthfully in the case now under investigation by the court, they will be sent to jail," declared Judge Landis.

**SILVER ANNIVERSARY.**  
March 6, 1887, Mr. and Mrs. J. Herman began together the journey of life in Detroit, Mich., and ever since that time the passing years have treated them kindly and by correct conduct and first class business management coupled with strict integrity and courteous manners they have built up a large business and made many friends at the same time.

They traveled quite a bit and staid a short time in various places for two years and then took up their abode in Jacksonville and have been worthy residents ever since.

A number of friends and relatives remembered them with telegrams of congratulation and several beautiful and costly gifts which were much appreciated. Mr. and Mrs. Herman quietly celebrated the day at home with no special demonstration.

## GONE TO TEXAS.

William Soby received a dispatch from his son Charles who lives in Houston, Texas, stating that the sender had been in ill health for some time and the doctors had decided that he must undergo an operation for the removal of gall stones and as he was in a weakened condition the result might be serious. Mrs. Soby at once started for the bedside of the invalid and hoped to find him doing well.

R. G. Collins, postmaster, Barnegat, N. J., was troubled with a severe, hacking cough. He says: "I would be completely exhausted after each fit of violent coughing. I bought a bottle of Foley's Honey and Art Compound and before I had taken it all the coughing spells had entirely ceased. It can't be beat."

## CONCORD.

The many friends of Edward Newton will be glad to hear he is improving slightly, and all wish for this estimable family his speedy recovery.

Edward and George Beard and their mother departed Monday for Uplands, Cal., to make that distant state very much to lose them and this community has suffered by their departure, but feel that Uplands will be greatly benefitted. The high esteem in which they were held was attested by the number of friends who came to bid them God speed on their journey.

Mrs. John Filson visited several days last week in Arezville and attended the funeral of Mr. Houston. Rolie Smith, who was recently married has moved to this vicinity and will help Alva Rexroat this season.

Misses Hester Deltrich and Lucille North of the I. W. C. spent the week end at their respective homes.

Miss Carrie Deltrich entertained recently at her delightful suburban home quite a company of young men, the honored ones being Messrs. Deltrich, Thurston Hutchinson and Glenn Caldwell. Everyone who has been entertained by Miss Deltrich knows she is an adept in whatever she undertakes and this occasion was no improvement on its predecessor if such is possible.

Mrs. Kate Rink of Beardstown is visiting relatives here.

All unite in extending best wishes to a happy married life to Mr. and Mrs. J. Harrison Boyd of Waverly. The bride was formerly Miss Alma Moss of this vicinity.

Rev. Mr. Housman, pastor of the M. E. church, began revival services Monday evening here. An earnest appeal for all interested in the bettering of this part of God's foot stool to attend this meeting is given.

Ora Ham departed Sunday for Arkansas to invest in hogs and cattle for parties here.

The little daughter of Alvin Saubeheld has been seriously ill with pneumonia.

Leah Vorhees is quite ill with catarrhal fever at the home of her father, Daniel Vorhees, northeast of Concord. This illness deters Mr. Vorhees from moving to their new place of residence near Litterberry and we can assure the people of this vicinity they are gaining good citizens.

All will be glad to hear Brakeman Overman and Expressman Bates, who were injured February 21, near Lowder, were able to leave hospital and return to their homes and that Mr. Frazier, conductor, is improving nicely.

Mrs. A. R. Tabor of Crider, Mo., had been troubled with sick headache for about five years, when she began taking Chamberlain's Tablets. She has taken two bottles of them and they have cured her. Sick headache is caused by a disordered stomach for which these tablets are especially intended. Try them, get well and stay well. Sold by all dealers.

Charles W. Swain, one of the enterprising citizens of the north part of the county near Prentice, was in the city yesterday and made the Journal office a pleasant call.

## FRANKLIN.

Mrs. C. B. Powell of Jacksonville attended the funeral of Mr. Blix Seymour Saturday.

Misses Meta Darley, Lila Seymour, Lucile Olinger, Ima Berryman and Arad Dean Gotshall, all of whom are attending the Woman's college, spent Sunday with their parents.

Ernest Alford of Illinois college visited home folks Saturday.

Miss Elizabeth Reagel of Waverly visited at the home of her brother, Frank, the latter part of last week.

Mrs. Melissa Dalton, who slipped and fractured her arm the early part of last week, is improving nicely.

Bright Tulin visited friends at Springfield Sunday.

Mrs. William R. Hills and John Oxley left Saturday for a short visit with relatives in Palmyra.

There were no services at the Catholic church Sunday on account of the illness of Father McGuire, who is threatened with pneumonia.

William Fairlee, the acetylene light agent, is in town again.

Miss Yeck of the school faculty spent Sunday with home folks in Jacksonville.

## POINT.

Robert Scott was a recent visitor of relatives at Jerseyville, Ill., for several days.

Mr. and Mrs. William Stout have moved to the farm of his father, Marshall Stout. The house vacated by Mr. Stout will be occupied by Lincoln Hall and family of Mt. Zion neighborhood.

Mr. and Mrs. V. R. Riley have returned from a delightful sojourn of several weeks in the southern states.

The following pupils of the Point school were successful in the central examination last Friday: Bertha Baggett, Raymond Daggett and Wayne Gibbs.

Mrs. G. S. Richardson has been ill with la grippe but is reported some better.

The eighth anniversary of the M. C. L. society was held at the home of Miss Georgia Sturdy last Friday. Rev. W. S. Phillips was unable to occupy the pulpit at Wesley Chapel last Sunday owing to injuries received by a fall.

Mrs. Thomas Denby has been very sick for the past week but is much better at this writing.

## ASBURY.

Rev. A. A. White preached at Asbury last Sunday morning.

C. L. Hemmrough, W. A. Reed, T. S. Hemmrough and E. R. Hemmrough attended the Brooklyn-Asbury conference held in Brooklyn church Saturday morning.

Ralph Megginson left Wednesday morning for Sioux City, Iowa on a business trip. Mr. Megginson expects to visit several places of interest in the northwest before returning home.

Miss Elizabeth Hemmrough and Clyde Hemmrough pupils of Narrows School taught by Miss Bessie Simpson, successfully passed the central examination. Miss Hemmrough is to be congratulated upon her good work as she is only twelve years old and her average is ninety.

Mrs. E. J. Reynolds and daughter Mildred visited her brother T. S. Hemmrough and family Thursday.

Mrs. James Green and Mrs. W. T. Craig spent Thursday and Friday at the home of A. B. Green.

Mr. and Mrs. Harry Trotter and son Rawland, Mrs. Horace Wyant and son George attended the service at our church Sunday morning.

Mr. and Mrs. R. B. Reynolds, Mr. and Mrs. T. C. Reynolds, Mr. and Mrs. Fred Hemmrough and E. J. Reynolds attended the funeral of R. R. Chambers in Jacksonville.

## NORTONVILLE.

J. P. Anderson has been able to be at his store a good part of the time this week.

Our postoffice has been discontinued and hereafter Murrayville, R. F. D. No. 4, will be our address.

Mrs. Gus Henry is improving after her recent illness.

Henry & Green have their sawmill in full force in S. B. Buil's timber. Clarence Dalton came near having a disastrous fire at his home Friday. They were away at the time and reached home just soon enough to find the trouble. A spark from the fire had set the carpet on fire and had damaged the room and furniture to a considerable extent but it was put out before getting under full way.

Many are moving to their new locations for the year. Joseph Vedder has gone to Jacksonville, A. J. Morris to the tonant house of Abe Seymour and Verlie Panning and mother to the house vacated by him.

W. J. Bradford will move into A. Hopper's house here in town this week.

Our local doctor, C. E. Waters, is kept busy with a large amount of sickness in this vicinity at present.

Rev. George Hart of Franklin filled his regular appointment at the Baptist church Saturday and Sunday.

Treston Stewart, Louis Massie and wife and Mrs. Frank Miller were all representatives of Franklin in the city yesterday.

## A SLIGHT MISTAKE.

A night or two ago a lady living on East State street looked out of her window at an hour when all people not having business at unusually late hours are supposed to be in bed and saw what she supposed was some lumps of coal lying on the walk as the moon was shining brightly. While she was looking a policeman came along and took up what was the supposed coal and proved to be a man and that was the last the lady saw of the matter.

Harry Ommen of Arezville was a business visitor to the city yesterday.

# Yes Ladies! PARISIAN SAGE Will Make Your Hair Lustrous And Beautiful

It stops hair from falling--makes hair grow abundantly--drives scalp itch away over night--banishes every particle of dandruff and leaves the hair and scalp immaculately clean.

## MONEY REFUNDED IF NOT SATISFIED

Ask for Parisian Sage and be sure you get it--preparations of similar name are being sold--but there is only one refined, delightful, refreshing Parisian Sage. Use it just once; it's the finest hair tonic you ever used.

Parisian Sage is a Scientific preparation so skillfully compounded that it is able to penetrate into the roots of the hair where it not only destroys the life of the pernicious, doughy dandruff germs but furnishes just the kind of

nourishment to make the hair grow abundantly and impart to it a fascinating radiance that compels admiration.

For men, women, boys, girls and little tots there is no hair dressing so satisfactory as Parisian Sage. Price 50 cents a large bottle. Mail orders filled, charges prepaid (state nearest Express Office) by Giroux Mfg. Co., Buffalo, N. Y.

You can always get the genuine at  
COOVER & SHREVE.

## Heart to Heart Talks With Oakland Dealers

Anna Held's Opinion of an Automobile.  
Arthur Bunker Motor Car Co  
Seattle, Washington.

Gentlemen:  
I cannot help but say that the big, luxurious Oakland car took me so easily and comfortably around my beautiful boulevard is the easiest-riding American built car I have seen. Of course, my foreign machines cost me thousands of dollars, but this is the first American built car that I ever thought their equal.

Respectfully yours,  
Anna Held.

You will note by Miss Held's letter that she has had experience with foreign built cars which cost her thousands of dollars. You will also note carefully that the Oakland is the first American built car that she ever thought the equal of the high priced foreign made cars. This is one of the best tributes that has ever been paid the Oakland, and, coming as it does from a woman who is in a position to judge of the comparative merits of high priced cars and medium cars, it should carry great weight.

Sold in this city at

## Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

## BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. You can find it at your hardware or stove dealer. Do not find it better than any other stove polish you have ever used before. Your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other satisfied women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

## LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. It is on your grates, registers, fenders and stove. It is bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush free with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

## DEPRIVED OF THEIR POSITIONS

Police Sergeant and Six Patrolmen  
Discharged From the Chicago  
Force.

Chicago, March 6.—One police sergeant and six patrolmen today were ordered discharged from the Chicago police force as the final act of the investigation of the police department by the civil service commission. The inquisition of the workings of the police department lasted six months.

Evidence showing co-operation between the department and organized vice and gambling was introduced by the commission and the various trials resulted in the abolition of the office of police inspector and the discharge of four inspectors, two captains and six lieutenants. Captain Plunkett resigned while awaiting trial.

The investigation was started at the request of Mayor Harrison in a letter sent to the civil service commission Sept. 5, last. Charges that the police protected public gambling in the neighborhood of the baseball park were the chief plank in the scandalous investigation.

The wholesale inquisition into the police department and the resulting re-organization and the discharge of high police officers make the shake up in the Chicago police department one of the most severe ever undergone by the police of an American city.

High officials were attacked at once. Charges against an inspector, a captain and three lieutenants opened the campaign. Others followed in rapid succession, involving every police division in the city. Voluminous evidence was introduced by detectives and investigators in the employment of the commission, reporting to show that a wide spread system of co-operation was in existence between the Chicago police and the three recognized vice districts in the city.

As a result of testimony before the commission, showing the immunity with which illegal resorts did business, a number of drastic orders were issued by the mayor, closing a number of places and aiming to eliminate the sale of liquor in the vice districts except licensed saloons.

## TROPHY FLAGS

Patriotic Enthusiasm Broke Out  
When They Were Displayed in  
House.

Washington, March 6.—Patriotic enthusiasm broke loose in house today when four tattered and torn naval flags were displayed as exhibits by Representative Bates of Pennsylvania, who introduced a bill appropriating \$30,000 for the repair and preservation of the trophy flags now stored in the naval academy at Annapolis, Md. The bill was passed.

While there was no opposition to the measure, Representative Tibble of Georgia, Democrat, criticized the size of the appropriation, declaring that one-half the amount would be sufficient. In condemning the attitude of his southern colleague, Representative Witherspoon of Mississippi caused an unusual demonstration in the house by his eloquence.

The four flags stretched on racks before the speaker's desk with its motto "don't give up the ship," that flown by Commodore Perry in his visit to Japan in 1853, and two ensigns captured from the British ships of war, *Espervier* and *Dominion*, in the war of 1812.

**ARMY OFFICER RESIGNS.**  
Washington, March 6.—The resignation of Second Lieutenant Frank W. Braden of the 22nd infantry, now stationed at Fort Sheridan, Ill., has been accepted by President Taft. Lieutenant Braden, who is a native of Illinois, has been in the service since March, 1905.

**DIVORCE SUIT.**  
Chicago, March 5.—William A. Scanlon, a widely known attorney of Peru, Ill., has been made the defendant in a divorce suit filed in the circuit court here by his wife, Mrs. Carrie Scanlon. She alleges cruel treatment. The petition states they were married July 6, 1911, and lived together until November 9, 1911.

**TAFT DELEGATES.**  
Oskaloosa, Ia., March 6.—The sixth district Republican convention here today named J. A. Devitt, Oskaloosa, and H. G. Brown, Sigourney, as Taft delegates to the Chicago convention in June.

**TRAIN DERAILED.**  
St. Joseph, Mo., March 6.—The Burlington's Denver-St. Louis train, traveling 40 miles an hour, was derailed near Shea, Kan., today. Conductor S. N. Cox and George Glosson, baggage man, both of St. Joseph, were injured. All the cars except two sleepers left the tracks.

**SMITH TAKES CHARGE.**  
Chicago, March 6.—Col. Frank L. Smith of Dwight, Ill., today officially assumed charge of President Taft's campaign in Illinois. In order to do so he had to obtain a leave of absence without pay from his duties as collector of internal revenues at Springfield.

**FIRED FROM RESTAURANT.**  
Chicago, March 6.—Guests abandoned their wraps and their dinners, waiters dropped their trays and fled and the orchestra abandoned their instruments, when an explosion of an ammonia pipe in a downtown hotel tonight filled the restaurant with fumes. A number of persons were overcome. Several similar accidents recently have happened here.

## ALEXANDER IS CAPTAIN.

Routt College Basket Ball Men  
Chose Leader for Next Year.

The "R" men of the Routt college basketball team held a meeting Wednesday and elected Edward Alexander as captain for the next season. Alexander has been manager of the team this winter and besides his splendid work in that capacity, he has been an aggressive player. He is in every way deserving of the honor conferred upon him by his teammates and, no doubt, will prove an excellent leader. Earl Harmon has been captain the past season and retires with a splendid record. Leo Dunavan was elected manager to succeed Alexander.

The following men have played the required number of games to be entitled to the college emblem: Earl Harmon, Edward Alexander, Emmet Keating, John Groves and Luke Mandeville.

## RAW FROM SCRATCHING.

Tortured Skin Soon Healed by  
Soothing Application.

Try This Remedy at Our Risk.  
When tortured by the awful burning and itching of eczema, both children and older people often scratch until the skin is raw and bleeding.

This spreads the disease and makes the suffering ten times worse. The first thing to do is to stop the terrible itching by a soothing application of our new skin remedy, Saxon Salve, which also penetrates the skin to the very roots of the disease and destroys the germs.

In all forms of eczema, and all other crusty or scaly humors and eruptions, Saxon Salve has given astonishingly good results. The great improvement that it makes in the first few days shows plainly that you can place full trust in its curative power.

We have so much confidence in it that we give back your money if you are not satisfied with Saxon Salve. Lee P. Allcott, druggist, Jacksonville, Ill.

## JACKSONVILLE WOMAN AMONG THE SAVED

Mrs. William Imhoff Writes Letter  
Telling of Her Remarkable Recovery Under United Doctors' Treatment.

Mrs. William Imhoff who lives at 215 West College street, is another of the many grateful people throughout the country who owe their present good health to the new and more subtle methods of treatment used by the United Doctors. In a letter written for publication Mrs. Imhoff says:

"Jacksonville, Ill., Feb. 19, 1912.  
"For several months I have been suffering with severe headaches and stomach trouble. My condition became so bad it was impossible for me to take food without causing the greatest distress, so that I got to eating less and less until my body became so weakened it was only by the greatest effort I could keep up and do my necessary work. I consulted two different local physicians and took treatment for my trouble during this time, but only gained temporary relief.

A little over a month ago I read of the United Doctors and decided I would consult with them. After being carefully examined I was told I was suffering with a bad case of ulceration of the stomach, but could be benefited. I began treatment at once and am now writing this letter to tell the public of the great improvement in my health.

I can eat heartily and experience no bad effects afterward; my nerves have become so quieted I sleep sound by the light through and my strength has returned until I can walk quite a distance without tiring. I am yet taking treatment and will continue to do so until my health is entirely regained, but I desire to make this public statement at this time to show my appreciation of the wonderful good I have derived from the United Doctors' treatment in this short time.

I strongly endorse them and their methods and recommend them to all sufferers. Any one desiring to know more of my past and present condition may communicate with me at my home.

Mrs. William Imhoff.  
The Jacksonville Institute of the United Doctors on the second floor of the Farrell Bank building, is open to patients on each second Friday and Saturday. The next date upon which the institute will open is Friday and Saturday, March the 8th and 9th.

Examination is free to all, but the United Doctors reserve the right to refuse to treat any incurable case.
